

# Connecting People

Eastbourne & District  
Chamber of Commerce Ltd.

August 2011

## Since you left something has been missing

For a while now we have had a feeling that something has been missing and we have finally realised what it is... It's you. We want you back! You are the missing piece of our puzzle and we won't feel complete until you are back with us. There are so many benefits to being a chamber member so why not rejoin us now and reap the rewards!

The Chamber (Eastbourne being one of the largest in Sussex) works to ensure that business issues that matter to our members are articulated and heard by the political and business leaders that matter. The Chamber has a very pro-active board of directors made up of dynamic, local business people who care and are prepared to lobby hard on behalf of their fellow members to influence decision makers at local, regional and national level.

We have a new range of seminars and new training schedule being introduced shortly which will include some very effective business development and networking opportunities

It would be great to have you back with us, so please give us a call now on 01323 641 144 to rejoin and benefit from all that the chamber has to offer. We look forward to speaking to you and welcoming you back.

**We have a calendar of events planned for the remainder of 2011, they offer fantastic networking**
